

LOGAN LESSING

West Bloomfield, MI | (248) 763-4038 | loganlessing@gmail.com | [linkedin.com/in/Logan-Lessing](https://www.linkedin.com/in/Logan-Lessing)

EDUCATION

Oakland University Rochester, MI

2025 – Present

Bachelor of Science in Industrial and Systems Engineering | Expected May 2028

Concentrating in engineering management and production systems; transferred from Michigan State University to pursue industrial and systems engineering, aligned with manufacturing and design experience from Formula SAE

Michigan State University East Lansing, MI

2024 – 2025

Bachelor of Science in Electrical Engineering, Minor in Computer Science

EXPERIENCE

Michigan State Formula Racing East Lansing, MI

Jan. 2025 – Present

Electrical Engineering Team Member — Formula SAE

- Reduced battery pack weight by 50 lbs by redesigning cell housing to transition from aluminum to carbon fiber, improving the power-to-weight ratio of the EV race car platform
- Engineered electrical isolation strategies and HV protocols across 4 systems and 9 subsystems, passing all FSAE technical inspection requirements and meeting competition safety standards
- Compressed battery system design-to-manufacture timeline by 25%—from 8 to 6 months—by leading cross-functional project management across 5 subteams (composite structures, EV powertrain, drivetrain, suspension, and electronics) within a 50+ member organization

Columbo Scuba Adventures Royal Oak, MI

2016 – Present

Dive Master

- Trained 20+ new divers per certification cycle by leading in-water instruction, equipment checks, and dive planning across 250+ dives

Lessing Lawn Care West Bloomfield, MI

2020 – 2024

Owner & Operator

- Grew business from 0 to 10–15 weekly clients over 4 years, generating ~\$1,200/month in recurring revenue, by building a referral-based client pipeline and delivering consistent service quality
- Managed all business operations solo—invoicing, scheduling, and equipment maintenance—averaging 20 hours/week across 4 seasons with zero service disruptions

LEADERSHIP & INVOLVEMENT

Competitive Debate West Bloomfield, MI

2020 – Present

Team Leader & Head Case Writer

High School — West Bloomfield High School

- Achieved 3 tournament wins, 3 state finalist placements, and 5 semifinal finishes—including 3 at national tournaments with 500+ participants—by leading strategy and case development as head case writer and team captain

Collegiate — Michigan State University

- Earned 1st place among 20 competing teams at the MSU College of Natural Science Environmental Sustainability Debate Tournament by researching and arguing the case for nuclear energy as a long-term sustainability solution

SKILLS

Technical: NX CAD/CAM, Fusion 360 CAD/CAM, ANSYS Structural Analysis / FEA, Verilog (HDL), C++, JavaScript

Tools & Platforms: Microsoft Office Suite (Teams, Excel, Word, PowerPoint), GitHub

Additional: PADI Dive Master Certified, Business Operations, Client Relations, Public Speaking & Argumentation
